

## TechProtect Plus™ Canada - Summary

### TechProtect Plus™

TechProtect Plus™ is the only E&O and Office package policy that has been specifically designed to cater for the insurance needs of Canadian technology companies. TechProtect Plus™ includes CFC's widely-respected errors and omissions cover, plus office covers which technology companies can tailor to their particular requirements.

TechProtect Plus™ is available to most types of technology businesses, except internet service providers and telecommunications companies. Overseas sales or offices are not a problem, even if they are in the United States, and many higher-risk technology companies can also be considered.

### Service

At CFC we pride ourselves on our unrivalled service levels. You can deal directly with the experts, meaning that you get fast decisions. We issue over 90% of quotes within 24 hours and over 90% of policies within 14 days.

### Cost effective

Premiums for TechProtect Plus™ start from as little as CAD 2,500 with limits of up to CAD 10,000,000 available.

### TechProtect Plus™ includes ...

- Extremely broad errors and omissions insuring clause including claims made by third parties for:
  - negligent act, error or omission, negligent misstatement or negligent misrepresentation
  - unintentional breach of any implied statutory term concerning necessary quality, safety or fitness
  - unintentional breach of a contractual duty to use reasonable care and skill
  - unintentional breach of warranty of authority, breach of duty, breach of confidence, breach of privacy
  - unintentional breach of a written contract with a client to design, produce or supply software, hardware or electronic equipment
  - unintentional infringement of intellectual property rights (except patent)
  - libel, slander, defamation or passing off
  - dishonesty of employees
- No cost guarantee exclusion, inherent defects exclusion or virus exclusion.
- Commercial General Liability with Employee Benefits Liability, TLL, Non-Owned Auto, Damage to Hired Autos and Medical Expenses extensions included automatically.
- Cover for claims made in the United States as standard.
- Commercial property and business interruption cover specifically written for technology companies including:
  - High sums insured available for laptops with worldwide territorial cover
  - No problem with covering extensive hardware and software in the office
  - Reconstitution of data and loss of software licenses cover
  - Our innovative "Flexible First Loss" business interruption cover that provides just the cover that technology companies need, often at a reduced cost from traditional business interruption cover
- A flexible, modular policy – your client can choose as many coverages as they like.

**TechProtect Plus™ ... the product of choice for Canadian technology companies.**
