

**ENDORSEMENT NO. 1
HOT WORK OPERATIONS WARRANTY**

It is hereby understood and agreed that this Insurance does not apply to "Property Damage" arising out of "Hot Work Operations" if the Insured or any of the Insured's employees is in breach of any of the following warranties.

It is warranted that:

1. Combustible Material:
All portable combustible material must be removed a minimum of 20 feet away from the working area and adjoining areas.
2. Flammable Liquids or Vapours:
Drums, tanks or other containers or explosive liquids or vapours must be cleaned and cleared of flammable or explosive liquids or vapours before work is done on them.
3. Pre-Operation Precautions:
When feasible, work area should be wetted down.
4. Spark Control:
Sheet metal guards, asbestos blankets and similar protection must be provided to prevent hot metal and sparks from falling on combustible material which cannot be moved.
5. Fire Protection:
If the area in which hot work operations are being performed are presently under operative sprinkler protection, the sprinklers in that area must be operative during welding or cutting operations. Suitable fire extinguishers or hand hose must be maintained near the operations, an extra person must be provided in the welding or cutting team whose sole responsibility is to watch for sparks and promptly use the extinguishing equipment.
6. Post-Operation Precautions:
After work, a thorough check must be made for smouldering fire in out-of-the-way places, and guard patrol protection must be maintained for a minimum of two hours.

"Hot Work Operations" means:

- (a) the process whereby one or more of the parts to be joined is heated near or above its melting point, and the heated surfaces are caused to flow together;
- (b) the process of applying heat to red heat the spot to be severed, gouged or pieced, and the metal is burned in a jet of oxygen;
- (c) grinding operations that generates sparks;
- (d) torch-on roofing operations;
- (e) roof tarring operations.

**ENDORSEMENT NO. 2
OPEN FLAME HEATING WARRANTY**

It is warranted that during the course of construction of the Insured Project where a propane gas heater or other open flame heating device is used; the device will be positioned on fire resistive dry wall board, tied off to a wall or floor with not less than three (3) feet of clear space surrounding it.

**ENDORSEMENT NO. 3
REFUSE, WASTE AND DEBRIS WARRANTY**

It is hereby warranted that there shall be no refuse, waste or debris burned at the Project Site and refuse, waste and debris to be removed regularly from the site.

**ENDORSEMENT NO. 4
Description of Operations**

It is hereby warranted that the scope of the project must fall within the description of operations as noted on the declaration page.

FAILURE TO COMPLY WITH ABOVE WARRANTIES SHALL RENDER ALL INSURANCE UNDER THIS POLICY NULL AND VOID.

I/We hereby agree that I/we have received and reviewed the above endorsement and that it is acceptable and understood by me/us. ***(Signed copy of this document is retained on file)***
